# ONLEVEL

## ONLEVEL - a new innovation experience:

Old habits don't arouse curiosity. For this reason, ONLEVEL sends you something to look at and touch that will change your mind. But watch out, this has to do with farsightedness! Because it is much more valuable than you might think. And much cooler than you think! We simply find it **ONLEVELICIOUS**. Your eyes sparkle and you get this feeling that you can't get enough of it.

### Nice to meet...

Hello, my name is Noelia Dominguez. I am married and live with my two children in the beautiful Low Rhine region. In my free time, I like to do sports and meet friends.

I am proud to have accompanied ONLEVEL since its beginnings and be part of this success story. I work in many different areas, which always provides me with interesting tasks. At ONLEVEL, there is always something new going on – therefore, I always learn new things. I wish to continue shaping ONLEVEL also in future and to participate in their further growth, especially internationally.
